Author's new book receives a warm literary welcome.

Readers' Favorite announces the review of the Fiction - Thriller - Conspiracy book "The Corporation" by Norman Shabel, currently available at <http://www.amazon.com/gp/product/B0BYPJBNNJ>.

Readers' Favorite is one of the largest book review and award contest sites on the Internet. They have earned the respect of renowned publishers like Random House, Simon & Schuster, and Harper Collins, and have received the "Best Websites for Authors" and "Honoring Excellence" awards from the Association of Independent Authors. They are also fully accredited by the BBB (A+ rating), which is a rarity among Book Review and Book Award Contest companies.

"Reviewed By Anne-Marie Reynolds for Readers' Favorite

The Corporation is a conspiracy thriller by Norman Shabel. Joshua Ryan has retired from being a lawyer but is suddenly pulled back when Samuel Waterman, Ryan's old

mentor, pleads for help. Waterman's sister has died in strange circumstances. Her company, Comtel International, is undergoing a merger but suddenly, senior employees begin dying. Ryan and his father-in-law, a private investigator called Yehuda Ben Zvi, begin their investigations but find themselves deep in a conspiracy that could bring the entertainment industry to its knees. Everything leads back to Comtel's founder, a US senator, and his son, the company CEO and president. When the US Attorney's office gets involved, things take a turn for the worse as Ryan uncovers secrets that could bring everything down. Can they get the truth out, or is it already too late?

The Corporation is one of the finest books in the Crime Mysteries series by Norman Shabel that just keeps on getting better. It's another action-packed story with no small amount of intrigue and suspense. We meet a character from an earlier story and are introduced to many more new ones, all developed as real people, easy to identify with, and likable, even the antagonists. Once again, Norman thrusts readers deep into a story that will hold their attention right from the word go. It's a rollercoaster journey, a fast-paced thriller that will keep you on the edge of your seat all the way through, twisting and turning its way to the explosive ending. Although this is part of a series, you could easily read it as a standalone. However, I guarantee you that if this is your first Norman Shabel book, it certainly won't be your last. Loving the series and this is one of the best books yet."
